TRUSTEES' MEETING

AT GLENDALE HIGH

ENGINEER INSTRUCTED TO OPEN PROCEEDINGS FOR STREET WORK

The Board of Trustees of the city of Glendale met in regular session at the City Hall, Thursday evening, January 11, 1917. Present: J. S. Thompson, president of the board, and Trustees Chas. Grist, R. M. Jackson, F. L. Muhleman, G. B. Woodberry. Also present, J. C. Sherer, city clerk, T. W. Watson, city manager, W. E. Evans, city attorney, H. B. Lynch, manager public service department, Edw. M. Lynch, city engineer, G. H. Herald, A. H. Lankford.

The minutes of the last regular meeting were read and approved. At this point the order of business was suspended for the purpose of hearing Mr. W. L. McConnell of the State Compensation Insurance Fund, who addressed the Board in regard to the recent action of the city trustees deciding that the Public Service Department provide for its own accident insurance. Mr. McConnell argued against the wisdom of such action, basing his argument on the premise that the law of averages proves that a city of the size of Glendale cannot afford to carry its own insurance. He quoted statistics showing work accomplished by the State Compensation Insurance Fund and expressed a desire to see the trustees rescind their former action.

A petition was presented from a number of taxi drivers requesting that the present ordinance governing licenses for auto passenger service be changed so as to make the license payable quarterly instead of annually. Mr. Boynton, representing the petitioners, addressed the Board on the subject. On motion of Trustee Grist, the matter was laid over for one week for consideration. A communication was presented from R. C. Jones and H. McIntosh stating that it is their intention to establish cleaning, pressing and dyeing works at 1009 West Broadway, and requesting permission to erect a small building on the rear of the lot, to be used for cleaning purposes, and to use gasoline in connection with the work. On motion of Trustee Woodberry, the petition was referred to the City Manager and Building Inspector for investigation and a report as to conditions.

Applications for permit to operate a motor bus were received from H. O. Jones and also from L. L. Fancher; the same being approved by the City Manager, were granted.

A financial statement was presented from the Library Board showing the condition of the public library.

Monthly report was presented from the City Clerk and, on motion, ordered to be filed.

Weekly report was received from the Tax Collector and, on motion, ordered to be filed.

The City Engineer presented a map of Tract No. 3167 with a resolution for its adoption. On motion of Trustee Woodberry, the resolution was ordered to be read, and upon being read was adopted as Resolution No. 931.

The City Manager reported the withdrawal of application made by Mark Whealen for permit to operate a popcorn wagon on the streets.

The City Manager presented a communication recommending that that portion of Grand View avenue within the city of Glendale (about 100 feet) be made to conform with the improvement now being constructed on that street within the county. On motion of Trustee Muhleman, this was referred to the City Engineer to investigate and report and to prepare necessary proceedings if the work is to be done otherwise than by private contract.

The City Manager also made a recommendation that a number of portions of unimproved streets connecting with streets which are improved should be improved at once. The report made special mention of portions of Pacific avenue, Burchett street, Third street, Ninth street and Elrose avenue. On motion of Trustee Woodberry, the City Engineer was instructed to start proceedings for the improvement of said streets.

The City Manager reported that the State Railroad Commission requires the installation of lights at the entrance to the public library, recommending that at present one light be installed over the entrance. On motion of Trustee Muhleman, the City Manager was ordered to install this light at once.

The City Manager presented a report giving details as to the proposed work to be done along the Verdugo Canyon Wash and the Sycamore Canyon Wash by the County of Los

GLENDALE HIGH SCHOOL HOST TO CITY OF EAGLE ROCK

Glendale High School was host to Eagle Rock yesterday. The Women's Twentieth Century Club house was the scene of an exhibit that was declared little less than wonderful by all who saw it.

All the departments of the school which turn out visible evidence of their work were given generous space in the club house. At about two o'clock in the afternoon a goodly number of students, mostly from the music department, joined in a pilgrimage to the home of the eagle to further delight the meeting of club ladies and citizens who had gathered to learn something of the work of the school.

From some of the remarks that were heard to come from these critical people, it might be stated that they were more than satisfied with the work our high school is doing.

Marion Lehman, a former student of Glendale High, visited school Thursday. He walked with an infirm step, for it was his first day out of bed for three weeks. The cause of Marion's long confinement was a serious accident which overtook him on December 21 last, when he was injured by a Venice short line train. His old friends were very glad to see him up and able to talk Socialism once more.

A short assembly was held Thursday afternoon for the purpose of making several announcements. Mr. Moyse said Dr. Labadie's talk would be open to the public, admission 25 cents.

Ed Seay announced the new seating arrangement. It is hard on the Frosh.

KITCHEN SHOWER

The Queen Esther class of the First Baptist Sunday School entertained in honor of Miss Nora Smith of North Louise street at the home of Mrs. R. A. Siple, 1473 Sycamore avenue, on Thursday evening. Miss Smith is to become the bride of Carol Hare on January 16th and a kitchen shower was given her on this occasion. The house was very beautifully decorated with carnations, bells, hearts and greenery, red and green being the prevailing colors. The same colors were carried out in the daintily appointed three-course luncheon, hearts being very much in evidence. Miss Lefa Siple acted as toast mistress and toasts were given by the Misses Myrtle Tummell, Dorothy Stanton, Ruth Sanford, Caroline Wattling, Mary Hunt, Margaret McPherson and Francis Peckham, to whom Miss Smith, the bride to be, very graciously responded. The evening was spent in music and games and Miss Smith was the recipient of a basketful of useful things for the kitchen of her future home. The party broke up at a late hour after a most delightful evening. Those present were Mrs. Fred Latter, Mrs. R. A. Siple, Misses Vida Knapp, Doris Latter, Francis Peckham, Margaret McPherson, Mary Hunt, Caroline Wattling, Ruth Sanford, Dorothy Stanton, Myrtle Tummell, Lefa Siple and the guest of honor, Nora Smith.

Angeles, in the event of the successful outcome of the bond election of February 2nd next. He called attention to the particular interest of the people of Glendale and vicinity in this matter, recommending that some action be taken to bring it before the people so that the merits of the proposition might be understood and appreciated.

In connection with this report, Trustee Muhleman offered a resolution which was adopted that the City Manager, City Engineer and Superintendent of the Public Service Department be appointed a committee to attend a meeting of the Los Angeles County Flood Control Association in Los Angeles on January 13th next.

The City Manager reported in regard to installation of lights at the entrance to the public library, recommending that at present one light be installed over the entrance. On motion of Trustee Muhleman, the City Manager was ordered to install this light at once.

The Manager of the Public Service Department presented plans for the pumping system, requiring the purchase of a large quantity of material, and upon motion of Trustee Grist, the City Clerk was authorized to advertise for poles, wire and fittings required by the Public Service Department.

GOVERNOR CANTU AIDS IN SEARCH

MUCH CONCERN IS FELT FOR SAFETY OF TWO MISSING NORTH ISLAND AVIATORS

(Special Service to Glendale Evening News)

CALEXICO, Jan. 12.—Governor Esteban Cantu of Lower California to-day ordered Mexican troops everywhere to assist in the search for the two missing American army aviators, Col. Harry Bishop and Lieutenant W. A. Robertson. Three additional automobile parties of Americans in search of the missing men crossed the border this morning and line riders along the border have been asked to search the desert. Friends of the two men have grave fears for their safety, although army officers at San Diego express the belief that they are safe, and that they have landed in some rough and rugged part of the country and could not make their way to a point from which they could report.

TEUTONS ADVANCE IN ROUMANIA

GERMANS CONTINUE PROGRESS BETWEEN BRAILE AND GALATZ—ENEMY REPULSED AT ANCRE

(Special Service to Glendale Evening News)

BERLIN, Jan. 12.—The Teutons have captured Laburtes and are continuing their progress between Braile and Galatz and elsewhere in Roumania. Two British attacks north of Ancre failed. The strong Russian attacks begun a week ago near Riga have already broken down all along the line except at one point. The new German front line is now absolutely secure against surprise attacks. The Russian attack was made on a front of 62 miles. Everywhere the advance of the Teuton legions in Roumania continues practically unchecked.

(Special Service to Glendale Evening News)

FLOOD CONTROL BONDS

FREDERICK BAKER LECTURES TO COVINA CHAMBER OF COMMERCE

Attorney Frederick Baker, 109 North Maryland, gave an address Thursday evening at a banquet given by the Covina Chamber of Commerce on the proposed flood control bond issue to be voted on February 2. Mr. Baker was listened to with great interest on this important subject on account of being the author of the act under which the bond election is to be held.

It was pointed out by Mr. Baker that if the proposed bond issue carries the work of protection against flood damage will be done at the expense of the county as a whole without being burdensome upon any one.

The money under this plan will be raised by a forty-year bond issue upon an assessed valuation of eight hundred million dollars. Whereas,

if the bond plan fails at this election the present legislature will undoubtedly enact legislation that will place the enormous burden of flood protection upon the property directly menaced.

This will mean the raising of very large amounts of money by special assessments in the same manner that street work is paid for.

Mr. Baker states as a matter of interest to Glendale people in this connection that the original estimate of the amount to be paid by Glendale and Tropicana property owners for work on the Verdugo and Sycamore canyon washes was over \$400,000.

It was contemplated to raise this by special assessments levied on all the property in Glendale and Tropicana. Under the proposed bond issue \$99,800 will be used for work on the Verdugo wash and \$28,925 on the Sycamore canyon wash.

It is extremely important therefore that the people realize the seriousness of the situation and come out to vote for the bonds on February 2.

It is planned to have a mass meeting in Glendale at an early date, at which this subject will be discussed.

REV. DANA BARTLETT

Dr. Jessie Russell, chairman of the program committee of the Civic Recreation Center campaign, has obtained the assent of the Rev. Dana Bartlett of Los Angeles to give a stereopticon lecture in Glendale on the subject of civic centers. This lecture will be held on Friday evening, January 25th, at 8 o'clock sharp, in the auditorium of the High School.

The Rev. Dana Bartlett is perhaps the most widely beloved man in Los Angeles to-day; his entire life has been dedicated to relieving the sorrows of others. Dr. Bartlett has proved a source of enthusiasm and inspiration to thousands of people.

Church people of Glendale, clergymen, and all attendants of Sunday Schools should not fail to hear this man of God, who will speak on the moral aspect of civic recreation centers. The lecture will be free to all.

ENGAGEMENT ANNOUNCEMENT

Miss Ella Wall and Miss Dorothy Wood entertained in honor of Miss Eulalia Richardson Tuesday evening. Clever stunts were participated in and jolly time was the keynote of the evening, but the surprise was the announcement of the betrothal of Miss Richardson and Mr. Shives Mitchell. Artistically designed cards, made by Miss Wall, and concealed in the wrappings, told of Miss Richardson's secret. After a dainty repast and a novel entertainment, the guests dispersed. Those who enjoyed the hospitality of the hostesses were the Misses Emily Elias, Loraine Mitchell, Kathleen Duncan, Zetie Duncan, Elda Eggert, Enid Fenton, Elva Spencer, Marjorie Grinnell, Helen Goldthwaite.

PUBLICITY COMMITTEE

The publicity committee of the Civic Recreation Center campaign met last night at the home of the chairman, Mrs. Nanno Woods. The members having been invited to bring their families with them, a delightful social evening was spent. The various avenues of publicity were analyzed, and many suggestions were made, resulting in the adoption of a systematic line of policy. Dr. Harrower afforded much pleasure by his vocal selections, accompanied on the piano by Mrs. Woods. Refreshments were served at 10 o'clock. Mrs. Woods plans a series of similar informal family gatherings in connection with the volunteer workers of the Civic Recreation Center campaign, to the end that a strong spirit of co-operation may be efficiently developed.

SIERRA PHOTO PLAYS

NEW GLENDALE STUDIO BUSY MAKING COMEDIES FOR MOVIE FANS

An enterprise of which many citizens as yet know little and one that is certain to grow and give employment to many people in Glendale, is the Sierra Photoplays, Inc., a corporation for the making of motion pictures, founded by Dr. C. Wm. Bachmann and his associates, Messrs. Lathrop and Campbell. The location of this new studio is on Ninth street at what is known as the old Lubin Studio, which property, consisting of over two acres, is owned by Dr. Bachmann. Three adjoining acres have also been leased by the new film company, which is capitalized for \$250,000.

The original idea of Dr. Bachmann and his associates was to produce only feature pictures, but realizing the insistent demand for good comedies, Roy Clements, a well-known director of comedies, formerly with the Universal and Essanay, was secured, a company of well-known players engaged and actual work of filming comedies started December 1st of last year. To date five pictures have been completed: "Bungalow Bliss," "Adam's Baby," "What Could Dugan Do," "We Women," and "Mr. Careful, the Constable." These comedies will be featured under the Three Star Brand name, the principals including Ed Sedgwick, commonly known as Roscoe Arbuckle's rival, Ruth Hennessy, who was featured with the Essanay for the past three years, and Geo. Barnes, well known in this country in vaudeville and with picture experience in Australia.

While this new Glendale studio is turning out only comedies at the present time, arrangements will be made for the production of feature plays in the near future and many improvements are being made in the equipment of the studio with that purpose in view.

At the present time The Sierra Photoplays, Inc., have about twenty-five people on the regular payroll and of course extras as needed, but with the coming clear weather of the spring and summer this number will be doubled.

The inhabitants and business men of Glendale should certainly welcome this recent industry, as its successful growth means the employment of scores of people who will make their home in Glendale. In fact Fred Hartman, camera man and photographer, recently of Omaha, Neb., Al Terrell, assistant director, and Ed Sedgwick have already chosen homes in Glendale and many more without doubt will soon find it convenient to join the movie colony in Glendale.

HEAR TIMMNER-LOTT TRIO

Dr. and Mrs. Colin Cable were the guests of Mr. and Mrs. Christiaan Timmner Thursday evening at the Woman's Club House in Los Angeles. Mr. and Mrs. Le Roy Bosselman and Mr. and Mrs. Edmund Shank were others from Glendale who enjoyed the music of these wonderful artists. Mr. and Mrs. Timmner were former residents of Glendale, moving to Los Angeles a few months ago, and have a number of friends in this community. Mr. Timmner is from Amsterdam, Holland, and is widely known throughout Europe, being one of the world's great violinists. Mrs. Timmner is an accomplished cellist, and Mrs. Lott is the pianist of the trio, which is giving a series of concerts at the Woman's club house in Los Angeles. An appreciative audience of Los Angeles' foremost musical people greeted them Thursday evening.

DISTRICT DEPUTY GRAND MATRON'S VISIT

The district deputy grand matron of the 39th district of the Grand Chapter, O. E. S., Mrs. Anna H. Funk of Pomona, paid her official visit to Glen Eyrie chapter Thursday evening, there being a very large attendance of members to greet her. The entire work of the order was exemplified for her benefit and she congratulated the chapter on its splendid corps of officers and complimented the officers very highly on their very efficient work. Mrs. Lilian Rae Beaman, worthy matron of Glen Eyrie chapter, entertained Mrs. Funk at her home, 254 Maryland avenue, during her stay in Glendale and gave a very pretty dinner in her honor, at which the worthy matron of Glen Eyrie chapter, Robert M. Grumblin, was also a guest. The table was beautifully decorated with daffodils and violets and the dainty little nut basket favors also carried the daffodil decorations.

THE HIGH SCHOOL EXPERIENCE

Who is there living that has had a high school age experience? Men and women who have had that experience can sympathize with the boys and girls of to-day who are actually living out the few years of high school life.

Whatever a boy or girl of high school age may do that is not in keeping with the opinions of more mature minds should not be counted upon seriously. The young people of to-day are not greatly different from the young people of years ago. There is an air of importance and independence on the part of young people in the finishing year of school, but those same characteristics were peculiar to the lives of men and women who finished school twenty and thirty years ago. Those of you who look back to your school days, wonder why you and your associates were so unreasonable and unbusinesslike in your methods, but there was nothing strange about your oddities. Others before and after your time have been just as odd, and nobody on earth could advise them to be different. People mature in years should not be too quick to criticize the actions of boys and girls who are living in the high school period of life.

PRESIDENT SHOUP INDORSES FLOOD BONDS

Taking the position that bonds issued for flood control will be for the public's weal, President Shoup of the Pacific Electric to-day went on record as favoring the voting of the proposed \$4,450,000 in bonds for control work.

According to Mr. Shoup, the Southland received much adverse advertising at the time of the big flood of some years ago, while the demand on the part of the traveling public for construction of permanent span bridges, either of concrete or steel, is still increasing. But, as he also points out, such bridges cannot be constructed under present conditions, as the stream channel of this year may be abandoned the next.

Mr. Shoup also commends the proposed flood bond issue as one which contemplates the reclamation of much acreage now either subject to overflow or that has been inundated in the past and so rendered useless.

LA CRESCENTA

La Crescenta Improvement Association Meeting

The La Crescenta Improvement Association held one of the best meetings of the season on Friday evening, January 5th. This was a good start for the New Year in way of attendance and interest taken by those present. The Association will endeavor to have some one speak at each regular meeting on some subject of interest to the residents of the Valley.

Stuart J. Flintham, Los Angeles County Forester, spoke on the importance of planting trees on our mountain slopes to assist in flood control, and many other advantages to Southern California, which were explained in his talk. Come out to the meetings and get acquainted. Numbers of fine people in the Valley you have never met.

It is reported that "Uncle Bill" Howland and his famous team of burros have changed location. He is now residing at the "Terrace" at the head of Briggs avenue.

H. O. Jones has given up his job with the Fallin Stage Co. and has purchased a 1917 Dodge touring car which he intends to use for taxi service business in Glendale and vicinity.

Miss Florence Bruce has been quite sick for the past ten days with tonsilitis. On account of her illness she has postponed taking more music lessons for a couple of months.

Miss Mai Cooke, a sister of Mrs. C. E. Culberson, who has been visiting with the Culberson family during the Xmas holidays, left on Monday after a most enjoyable time in Southern California. Mrs. Culberson expects a visit from her other sister, Mrs. Dan G. Cooke of San Francisco, in a short time. Mrs. Cooke will be a visitor in the Culberson home during the absence of her husband, who left recently on a business trip to Manila.

People of the valley are sorry to learn of the death of Mrs. Hendrickson, who has for so many years past lived in La Crescenta on her ranch situated at the foot of the Verdugos in the canyon called by her name. Mrs. Hendrickson, having become afflicted with illness in her old age, was recently taken to the Good Sisters Home on Boyle Heights, Los Angeles. Here, probably from the confinement of the city after a long outdoor life, Mrs. Hendrickson rapidly became worse and death came last week from an attack of pneumonia.

Goss Canyon Water Co. Meeting
The annual meeting of the Goss Canyon Water Co. was held at the residence of Miss E. A. Brown on Monday, January 8, 1917. Officers elected for the ensuing year, five directors, as follows: Mr. Paul Jones, president, Mr. Pease, vice-president, and Mr. McLaughlin, Mr. Thomas and Miss Brown as Directors. Mr. Hopping retains the secretaryship. The new Board instructed Mr. Anderson, who has charge of sinking

their well in Goss Canyon, to proceed with the work, and a committee of three, Jones, Thomas and Pease, were appointed to secure a pump to get the water down, so the work could be continued. Water was struck at 162 feet and the well is now half full, within 80 feet of the surface.

Among the guests whose names appeared on the register at the Fairmount Hotel last week were: Mr. and Mrs. J. M. Higginbotham of Hartline, Wash.; Miss Anna Emig of Long Beach; Miss Naomi Emig of Long Beach; R. E. Barry of Los Angeles; J. L. Peterkin, Los Angeles; A. S. Cannal, Los Angeles; Fred H. Anderson, Los Angeles; Miss Brown and Mrs. Janvier with friends, of Pasadena.

THE GREEN LINNET

Hail to Thee, far above the rest
In joy of voice and pinion!
Thou Linnet! in thy green array.
A Life, a Presence like the air,
Scattering thy gladness without care.

Amid yon tuft of hazel trees,
That twinkle to the gusty breeze,
Behold him perched in ecstasies,
Yet seeming still to hover;
There! where the flutter of his wings
Upon his back and body flings
Shadows and sunny glimmerings,
That cover him all over.

My dazzled sight he oft deceives,
A Brother of the dancing leaves;
Then fits and from the cottage-eaves
Pour forth his song in gushes;
As if by that exulting strain
He mocked and treated with disdain
The voiceless form he chose to feign,
While fluttering in the bushes.

TUJUNGA

Town Meeting

Tuesday evening Mr. Wieman called the meeting to order at the usual hour. He reported that he had been absolutely unable to find anyone to consent to fill the office of town moderator. But he said further that he believed he had found the solution of the matter. He thought the people must get away from the idea of the little country town. This place, for its size, has been divided up into too many societies. Mr. Wieman thinks the Board of Trade should undertake the office as of a Board of Trade to manage along with its other business the affairs that have been left heretofore to the town meeting. Report of the committee was accepted. It was decided that it was the sense of this meeting that the town meeting merge into the Board of Trade.

A motion prevailed that the chairman appoint a committee to confer with the Board of Trade with reference to the merging. To save time it was further decided that Mr. Wieman should act as this committee.

A subscription was taken to raise the necessary funds for the expense of the Tuesday evening meeting. The money was raised in a very few minutes. There being no further business, the chairman proceeded to read a selection entitled, "Mirandy on First Aid to Matrimony," for the benefit of the unmarried ladies, which was thoroughly enjoyed by the audience. The time of the next meeting will be announced after the committee has conferred with the Board of Trade.

The Poultry Club held its regular monthly meeting at the school house last Monday evening with the president, Mr. Frank O. Hough, in the chair. A number of the members have joined the new poultry association recently organized for the furtherance of the protection of poultrymen. Mrs. Woodruff read an interesting article on the "Benefits of Feeding Poultry from the Hopper." It was decided to continue the monthly meetings of the club for the present.

Mrs. Morris and her sister, Mrs. Thomson, have started in the fur rabbit business. They recently purchased three choice specimens and are having hutches arranged for the increase in business. These ladies are very enthusiastic about the life and the possibilities of the various industries starting here.

Miss Edna Mae Van Battum has charge of Miss Stell Wieman's Sunday School class during Miss Wieman's absence from home.

On Monday evening last, Dr. C. C. Buck spoke on the subject of water conservation, flood prevention and forest protection in the Auditorium of the Woman's Club at Sierra Madre under the auspices of the Board of Trade. Dr. Buck talked to a well-filled house, supplementing his address with sixty stereopticon views.

There was a hearty interest manifested as the speaker told of the remarkable headway that is being made in Los Angeles county in conserving the water of the winter rains, and unfolded the history of the numerous methods used in foreign countries where this problem has been grappled with for centuries, and is rapidly becoming recognized as one of the most vital problems which confronts us in the development of the natural resources of Southern California.

PAYING THE PIPER

No. It isn't going to be a dance. It's a play. A real, live, "peppy" one. All about a young fellow who is about to be blown into a thousand pieces—but isn't. No, again. It isn't a tragic, weepy drama or a blood-thirsty melodrama. It's a comedy of real live characters and the author is Owen Rhodes.

A one-act play, it is written especially for those who play the parts. Sort of tailor-made, as it were. Owen has staged a number of his short sketches before audiences throughout the country. His first big piece was "The Voice of Conscience," presented last year for the first time on any stage by the Glendale Alumni Association, for which organization it was written. Everyone knows of the success of this drama. It was highly praised by those high up in the art of acting and criticism. An extra performance was given to a large and enthusiastic audience.

"Paying the Piper" is the local playwright's encore to the San Fernando Valley public, and a carefully selected cast will interpret the four big parts.

The story—well, we won't tell it here. The Alumni Association won't permit such license. All the information obtainable is that it will be one of the acts on the Alumni Vaudeville Thursday night, January 18th.

There will be two performances, starting at 7:15 and 9 o'clock. Popular moving picture prices will prevail. The tickets are selling for 10-20 cents, and the proceeds will be added to the Alumni Scholarship Fund.

SPECIAL SERVICES AT PRESBYTERIAN CHURCH

Speaker's theme: The greatest trial of the ages.

John 19:5. . . . "And Pilate saith unto them, Behold the man."

It was an intensely interested audience that listened to the thrilling and dramatic presentation of the greatest trial of the greatest man in one of the greatest centuries of the greatest epoch-making periods of this great world of ours.

The Rev. John B. Habbick handled this great theme in a masterly manner. He said in part: "Then came Jesus forth wearing the crown of thorns and the purple robe. And Pilate saith unto them: 'Behold the man.'

"Here was Pilate coming out of the judgment hall; here was Jesus who had been scourged; here was the multitude, made up of the open-mouthed, wide-eyed, gaping crowd, that you can see to-day, and it ever will be so; ready to see, swallow, hear. And Pilate said to them: 'Behold the man.' Pilate had sounded the depths of this man and Pilate found what they had not. The most precious thing in the world. He had found a man. The most precious thing in the sight of God and the angels, a man. Found in him whom he had scourged a man. Oh, the depths of meaning in that verdict that may not appear on the surface. Pilate had just scourged Jesus; then he brings him before the multitude. He scourged him because of political pressure; this we find in the expression of his own lips: ' . . . Behold I bring him forth to you, that ye may know that I find no fault in him.' After this remark Jesus stands forth, in ignominy: 'Then came Jesus forth, wearing the crown of thorns and the purple robe and Pilate saith unto them, 'Behold the man.' Pilate had sounded depths in this person that ignominy cannot hide and he thus expresses it, Behold the man.'

"Pilate was a type. Pilate feared the public. I am sorry, Pilate, you did not stand beside the man as a man. I would not be so sorry that Pilate did that but that multitudes of men are doing that to-day. Afraid if they come out and out for Christ they will injure their business; afraid of social ostracism; afraid, afraid. I am sorry there are so many of those men in the world after the light they have had. Myriads of men will stand shoulder to shoulder and heart to heart on other issues, but they will not take a manly stand for the man Christ Jesus; they do not want to be known as a follower of the meek and lowly Nazarene; they have no more moral gumption than the shrinking, small, little men to whom Pilate pronounced this verdict.

"I would have you note that Pilate did not say, Behold his disciples. If they had looked upon his disciples, they would have found a group of frightened and disheartened people, hiding from him during his time of trial; they would have found one of the number denying him with oaths; to say nothing of the one who sold him for thirty pieces of silver. I am afraid that among his disciples today there could be found a poor vision of Jesus, and especially his manly trait of character. But the pure can be found, even though many of His disciples are suffering from indifference and inertia.

"But you do not have to look at his disciples. The appeal of Jesus Christ to my heart may be different to yours. I would rather be on good fighting terms with a real man than on loving terms with a weakling. I always loved and admired a strong, stalwart manly man. I always loved the manhood of Jesus Christ.

"And I love the church.. I have heard so much about ministers being crooked, deacons being wrong, and hypocrites as thick as blackbirds in a cornfield, by those who love to hedge, that I am glad the man Jesus Christ stands forth demanding proof as to His integrity. Behold the man. Can you find any fault in him? Then all the excuses as to crooked ministers, wrong deacons and hypocrites will stand one in poor stead in the judgment.

"To conclude: Behold the man!

"(1) We find a physically strong man. His first thirty years were spent in swinging an axe and pushing a plane.

"(2) We find him poor, but happy. His last three years were occupied almost continuously in tramping from one village to another and sleeping out of doors. He had 'no place to lay his head.' The poor man says the church is against him; that only the rich are sought after. We will not discuss this, but you can always find Christ on a level with the poorest.

"(3) He hated graft and crookedness. On his first trip down to Jerusalem his ears were full of the complaints of the simple peasants against the graft and oppression of the priestly gang at the temple. He was young and unknown, yet he strode in among the gang of robbers and drove them in terror before him out of the temple.

"(4) Then his self possession in every hour of trial. Look at him in the little boat on storm-tossed Galilee.

"And he was contented. There is a content linked up with the man Christ Jesus even though every one should turn against you. Contentment with no money, no friends; it is staggering to me, but I know there

is real joy in the bosom of Christ. Man can take away your reputation, but not your character. With all your family ties broken or gone, still there is contentment on the bosom of Jesus. Oh, come to him of whom John said: 'Behold the Lamb of God who taketh away the sin of the world.' No man can explain it, but somehow the man who reaches up, and out, and touches the Cross, the very man of whom John, of whom God spoke; when a man reaches up by faith and touches the tree where this man was, he is never the same afterward. He made the sacrifice for your sins and mine. He shed his precious blood for you and for me. There may be other things I do not know, but I praise God I do know something about the man Christ Jesus."

Special services to-night for the Sabbath School and younger people. Come one, come all.

We are expecting a wonderful day next Sabbath. Come and enjoy it with us.

SCHOOL FIGHTS FOR EXISTENCE

The Casitas school district in Ventura county is in a peculiar position. It must have one more child over six years of age in the district or the school must be closed. Several times within the past five years the district has faced this problem and has overcome it by employing a teacher with children. The removal of one family has left the district with only five children of school age, while the law requires that there must be six children over six years of age or no school can be held. The trustees tried to make out the requisite number with a little girl who will be six years old in May, but the county will not consent. If another child cannot be found for the district, the school will have to be closed until the little girl reaches her sixth birthday. The Casitas district lies in a valley between two mountain ranges between Ventura and Santa Barbara. The mountain roads and the distance make it impracticable for the children to go to other districts.

W. C. T. U.

The City Union will meet with Mrs. Hattie E. Gaylord, 137 East First street, Friday afternoon, January 19th, at 2 o'clock. C. T. U. meetings are always open and a cordial welcome extended to everybody, including visiting tourists.

LA CANADA

The annual supper of the La Canada Congregational church on Wednesday evening, January 10th, was largely attended. There were a few missing, those who heard the Ladies' Aid decide a year ago that there should be no outsiders, which led to some misunderstanding. Let us try this year to bring about a better spirit of co-operation and good feeling.

The La Canada Valley Club will give a dance in the Club Hall, Saturday evening, January 13th. Refreshments will be served. Let everyone come and have a good time.

Rev. E. H. Brooks was confined to his bed for several days with an attack of la grippe, and now it seems good to see his smiling face in our midst again.

The La Canada Valley Improvement Association held their regular meeting Saturday evening, January 6th. Mr. P. H. Johnson, the vice-president, took the chair because of the absence of the president, Rev. E. H. Brooks. The business was transacted and then the audience was entertained by an address delivered by Mr. Beldin of Glendale. The speaker told many interesting incidents around the time of the trouble between the North and South took place. It was an entertaining address from beginning to end. On the conclusion of the program, the meeting adjourned.

Many people in our valley were sorry to hear of the sadness that fell upon the home of Mrs. McDonald of Long Beach when her husband, a young dentist, committed suicide. This lovely family lived in our valley for two years and were dearly loved by all who knew them. They think the reason of his taking his life was because of financial affairs. The funeral was held in Long Beach Thursday at 1:30 p. m. The people of the valley extend their deepest sympathies to Mrs. McDonald and her two small sons in this sad time.

Mr. Wadell, who is well known in the lower part of the valley, who resided on Roy avenue, passed away at his home in Los Angeles. Mr. Wadell has been a wonderfully bright man. He was the mathematic professor in an institution in Illinois for the deaf and dumb for many years. Many friends regret to hear of the death of this bright man.

Roy and Texas streets now have the finishing coat of rock on them and are ready for travel. These streets are beautiful with their curbs and gutters, and they certainly improve the looks of the valley. It is hoped that in the very near future every street in La Canada will be paved.

The Sunday School elected the following officers for the year 1917: superintendent, Rev. E. H. Brooks, assistant superintendent, J. W. Sebright, secretary and treasurer, Edwin H. Cooper, pianist, Miss Helen Cooper, assistant pianist, Miss Rowena Green, chorister, Miss Henrietta Horne. It is hoped that the Sunday School will carry on a more extensive work this year than ever before.

The annual church meeting was held at the church Wednesday evening, January 10th. A very elaborate supper was served by the ladies of the Aid Society. Stew, potatoes, beans, brown bread, jellies and a number of other foods made up this supper. After this supper the annual business meeting was held. Reports of different organizations of the church were read and approved.

They showed a great increase over the work done in past years. The officers were elected for the ensuing year. After this interesting meeting, the people retired to the church parlor, where a very entertaining program took place. Mrs. Holden and Mr. Nicholson rendered a beautiful duet in the beginning. Mr. Wilcox of Los Angeles then delivered a few incidents in regard to the way our church had progressed and how he prayed for our future success in Christian work. Mr. Wilcox has always been a great friend of our church and always aids us in time of need. Mr. Holden gave a beautiful vocal solo which was immensely appreciated. The principal address of the evening was by Dr. Andrews of the Plymouth Church of Los Angeles. His talk was told in an exceedingly interesting manner and he held the interest of his audience throughout the evening. Dr. Scott introduced the different numbers on the program and Rev. E. H. Brooks gave the benediction. The evening was heartily enjoyed by all present.

The Christian Endeavor Society feels quite fortunate in being able to have several students of ministry from Occidental College conduct their meeting Sunday night at 6 p. m. They will also continue the meetings in the regular church service at 7 p. m. It is hoped everyone will come out and hear these young enthusiastic workers. Mr. Harold Brooks is to be given praise for securing these young people.

SPECIAL MEETINGS AT THE LA CANADA CONGREGATIONAL CHURCH

On next Sunday evening, January 14, a number of students from Occidental College will conduct both the Christian Endeavor and evening service at the La Canada Congregational church. Those who are to

take part are: The Misses Mabel Culter, Margaret Millar and Lela Culter and Messrs. Harry Kelsey, Hugh Huddleston and Harold Brooks. These young people are all active in County Christian Endeavor work and several of them are planning to go to the foreign field as missionaries. Mr. Harry Kelsey, a senior in Occidental College, who intends to go to Egypt as a missionary, will preach at the evening service. As Miss Mabel Culter is prominent in the work among the Intermediate Christian Endeavorers of the county and Mr. Hugh Huddleston is vice-president of the County C. E. Union, a meeting of unusual interest is expected. All are cordially invited to attend. Come and help make these meetings a great success.

Mr. C. B. Anderson is confined to his home with sickness. Mr. Anderson is greatly missed among his friends and they are hoping for recovery soon.

Mr. and Mrs. J. E. Graham wish to thank the neighbors who so kindly assisted when their cottage burned last week. Mr. Graham sustained quite a loss as the insurance was only \$250. They will rebuild the cottage in the near future.

It was also decided to have a valentine social February 9th. A special meeting was called for January 25th at the school house for appointing committees and making final plans for the social. This club consists of a body of live wire ladies whose object is the improvement of Monte Vista Valley. Every woman of the valley should give hearty support.

Mrs. Dorothy Helps of Long Beach is a guest of her sister Margaret at the Monte Vista Tavern.

Mr. and Mrs. Van Horne from Manitou, Colorado, and Mrs. Le Masters of Long Beach were the guests of Mr. and Mrs. C. C. Harding and Mrs. Fred Frisbie. Mr. and Mrs. Van Horne are nephew and niece of Mrs. Harding and this is their first visit to California.

Reverend Wester came up from Pasadena Sunday morning and preached to his congregation at the morning service. Not being very well he returned to Pasadena in the afternoon, the young people having charge of the evening meeting. The audience enjoyed a vocal trio by Miss Cornelia Herron, Miss Carrie Adams and Mr. Elmer Adams.

The Monte Vista Valley Orchestra, under the direction of Mr. P. W. Maygrove, will play at the Sunday School Convention at Owensmouth Sunday, January 14th. Our orchestra is in great demand.

Mrs. Mary Mears signed a right of way through her ranch for the state highway. The amount of land given by Mrs. Mears is more than will be required from any other rancher. This begins to look as if we were going to have the state highway through Sunland.

Mr. Alfred Adams, Jr., owner of the olive factory, made a large shipment of ripe olives to Buffalo, New York, this week.

Warning—There is a party, or gang as we might call them, who think it fine sport to visit the orange orchards these moonlight nights and carry away large quantities of oranges. They do not seem to realize it is as much a crime as putting their hands in the rancher's pocket and taking the equivalent in money. These parties are known and if they do not desist will be prosecuted to the full extent of the law.
